Fan is a thoughtful and diligent TA who works so hard to help us learn the material and apply it to real life. He has such a fun, relaxed personality and made discussions engaging and something to look forward to.

Thanks, Fan!

Fan was awesome. He's the only reason I didn't drop this awful class. Hugo was a terrible professor and the guest speakers were useless.

To be honest, Fan didn't teach us much during section, but that's because Hugo gave him no instruction and we just worked in our groups.

He still gave us good feedback during office hours.

Xinyu Fan is a fantastic TA! He is very knowledgeable and am always willing to help students. I enjoyed this TA because his section was helpful and emphasized material that was important. He was helpful for me in office hours and cared that I got help. The course itself is hard to prepare for because there are no practice tests and tests are not returned.

very helpful in office hours, however
can come off as condescending.....
if McDevitt puts it as a question,
explain it instead of skipping over it
by saying "it's not very interesting"....
we still need to know! otherwise,
very helpful and dedicated. Thanks for
all your hard work. wish I made it
to more office hours.

Yinyu Fan was one of the best Gen TA's I have ever had. His sections were well-organized and I never felt like my time was wasted attending his section. He was nice enough to make office hours before the midterm so as many students as possible could go, even though it meant he had to stay on campus until 9 PM. Very helpful & made learning fun!
